Overview

Understanding the customer journey, Campbell Ford was looking to shift advertising dollars from traditional to digital marketing. The dealer partnered with D3 DAS to launch a digital marketing campaign with a goal of driving website traffic and increasing online leads.

Objectives

- + Drive traffic to website
- + Promote the Clearance Corner section of dealer website
- + Create new sales opportunities and drive leads

Solution

- + D3 Partnered with Campbell Ford to launch digital advertising campaigns, leveraging Ford Co-Op eligible Paid Search and Display Advertising
- + To further expand the dealership's reach and boost results, Social Media Advertising and Dynamic Display were added to Campbell Ford's D3 DAS strategy

Digital Advertising Tactics

- + Created bid strategies to increase Paid Search efficiencies
- + Focused on make-geo keywords (e.g. Ford dealer in city name), to drive traffic to the Clearance Corner page on website
- + Personalized ad copy with strong call-to-actions
- + Built targeted audiences for Display and Facebook ads reaching high-quality leads
- + Promoted awareness of dealers' inventory and incentives through Display Advertising across thousands of websites potential customers visit each day
- + Monitored and optimized advertising results monthly through D3 DAS performance reviews

Campaign Performance (Q3 2016 vs. Q4 2016)

- + 4.6x more website visits
- + 286 % increase in total website activities
- + 4.7x increase in total leads
