# The Golf Performance Range. Performance redefined.

Power. And then some. Only Volkswagen offers the world's most captivating range of affordable performance cars.

For four decades the Golf GTI has been an icon in its class; the car that cars have aspired to be. The flagship of Volkswagen's performance hatch range, the Golf R, places the driver on the very precipice of thrill and excitement. The Golf R represents the epitome of form, function and performance.

Thus, aspirational yet accessible, dynamic yet versatile, the Golf Performance Range is the definition of style and power.

---

## Exterior

The Golf GTI and Golf R models are all subtly different in appearance, but there can be no mistaking their sporty intent. With blistering performance part of their very essence, both cars have been designed to convey speed and potency. From the instantly recognisable front end to the perfectly proportioned rear, each Golf Performance model exudes power and sophistication while also allowing their individual characters to shine through.

The beating heart of the range is the Golf GTI, a car with little to prove but much to offer. With its classic Golf lines, distinctive 18" Austin alloy wheels, honeycomb-patterned front grille and red stripe motif, the Golf GTI sets a design benchmark to which other performance hatchbacks can only aspire. New to the Golf GTI are striking Bi-Xenon headlights with LED daytime driving lights.

The Golf R's bold contours and sporty body kit mark it out as unmistakably the peak of the model series. It features bespoke bumper designs and a front spoiler replete with chrome strip. The radiator grille and louvres of the large air intakes are presented in stylish gloss black. Alluring 19" Cadiz alloy wheels keep the Golf R firmly planted, while brake calipers painted in high-gloss black adorned with prominent R logos can bring the Golf to a stop in an instant. Dual chrome exhaust tailpipes on each side double as a visual and acoustic highlight.

## Interior

The Golf Performance range has always set the standard with regard to workmanship and quality. Every interior element, from controls and seats, to lighting and trim, has been carefully considered to ensure the driver and passengers feel snug and comfortable at all times.

You'll appreciate the firm support of carefully contoured seats during spirited driving. As well as being fully adjustable, they offer superb levels of comfort. The Golf GTI's seats are finished in distinctive Clark tartan fabric, whilst the Golf R receives smooth Vienna leather appointed seat upholstery\* complete with R logo in the head restraint.

The Golf's fascia design is an example of meticulous attention to seemingly small details. Every dial, button and graphic is intuitively positioned, ensuring everything falls easily to hand. A red theme applies to instrumentation and lighting strips in the Golf GTI, while the Golf R stamps its individuality with blue instrument needle, R-specific welcome screen on start-up, and blue ambient lighting throughout the cabin.

Golf Performance models all offer excellent luggage space, as well as split-folding rear seat and load-through provision. Keyless Access, keyless entry and the starting system throughout the entire Golf Performance range make owning a Golf more practical and enjoyable than ever.

## Highlights

The Golf Performance models encompass the best technologies available. Whether it's their high-performance TSI engine, transmission, steering, suspension or BlueMotion Technology, the Golf Performance models make intelligent use of the latest developments to produce unforgettable driving experiences.

The Golf GTI's much-lauded 2.0-litre turbocharged TSI engine delivers outstanding power and torque (162kW and 350Nm, respectively) and a driving experience nothing short of exhilarating.

The Golf R's engine channels 206kW of power and 380Nm of torque, offering heart-thumping excitement from idle to redline. With the latest in 4MOTION all-wheel drive technology ensuring optimum grip during fast cornering, you'll never feel more at one with the road than in a Golf R.

Both vehicles in the range receive a 6.5" high-resolution touch screen display featuring App-Connect<sup>^</sup>. This clever technology uses a USB interface utilising Apple CarPlay<sup>®</sup>, Android Auto<sup>™</sup> and MirrorLink<sup>®</sup> to seamlessly integrate your smartphone with the vehicle to allow easy access to a range of apps. With Rear View Camera (RVC)<sup>\*</sup> standard; it's an invaluable tool for manoeuvring your Golf into tight parking spaces.

- 08 Reversible luggage compartment mat with protective flap

# Volkswagen Choice: Protecting your investment

Enjoy a flexible finance solution that provides you with the assurance of knowing exactly what the minimum value<sup>#</sup> of your vehicle will be at the end of your term.

- ✓ Personally tailored solutions, based on your term and kilometre usage
- ✓ Opportunity to upgrade your Volkswagen to the latest model more often, enjoying the best innovations and new technologies
- ✓ Peace of mind knowing the minimum future value of your Volkswagen right from the start, so you know it will retain its value over time<sup>^</sup>

## At the end of your term, you can simply choose to:

### TRADE-IN

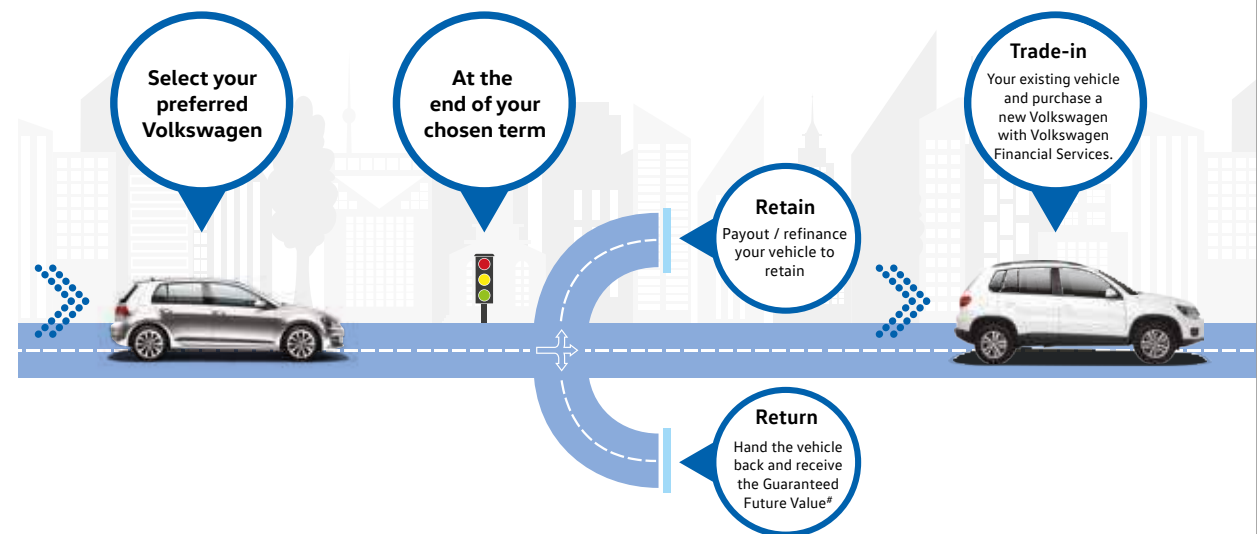

If you wish to trade-in your Volkswagen for a new vehicle, all you need to do is return it to the dealership. If the trade-in value is higher than the Guaranteed Future Value, you can use this equity towards your new vehicle.

### RETAIN

If you prefer to retain your Volkswagen, simply let us know. Provided that you also meet the relevant payment obligations under your contract, if we agree, you can purchase your vehicle outright for the Guaranteed Future Value price locked in at the start of the contract.<sup>#</sup> Then your Volkswagen is yours to keep. Or you can choose to refinance your residual at the end of the term.

### RETURN

Simply return your vehicle to your Volkswagen dealership at the end of the term. If the vehicle meets the agreed requirements,<sup>#</sup> we will give you the benefit of the full Guaranteed Future Value amount.

To find out more, go to <http://volkswagenaustralia.com.au/finance>

To learn more about further finance and insurance options, go to <http://volkswagenaustralia.com.au/finance>

<sup>^</sup>The Volkswagen Choice Program consists of an option to require Volkswagen Financial Services to purchase your vehicle at the end of your Volkswagen Financial Services Chattel Mortgage, Consumer Loan or Hire Purchase for a value (known as the Guaranteed Future Value) determined by Volkswagen Financial Services and set out in your contract. The Guaranteed Future Value is not a representation by Volkswagen Financial Services as to the likely market value of your vehicle as at the end of your contract. The option is available on new and demonstrator Volkswagen vehicles for selected models only. Please verify with your dealership vehicles that are eligible for the program. <sup>#</sup>If vehicles are not returned in an acceptable condition, as defined in the terms and conditions or exceed kilometre restrictions the Guaranteed Future Value will be reduced. See the Volkswagen Choice Fair Wear and Tear Guide for more information on the required conditions and circumstances. The cost of the Volkswagen Choice Program is incorporated into the applicable interest rate. Please read the full terms and conditions. Please consider whether these products and services are appropriate for your circumstances. Before acting on any of the information on this page, please seek independent financial and tax advice. Full terms and conditions are available upon application. Available only to approved applicants of Volkswagen Financial Services. Subject to credit assessment. Fees and charges apply. Fleet, government, rental buyers, hire car and chauffeur companies are excluded. Available at participating Volkswagen dealers. Volkswagen Financial Services is a trading name of Volkswagen Financial Services Australia Pty Limited ABN 20 097 071 460. Australian Credit Licence 389344.

· Proactive occupant protection system

O

#Please note figures are sourced from overseas data where equipment levels by model variant may vary. \*The Start/Stop system is designed to reduce fuel consumption. It achieves this by conditions where the Start/Stop system is deactivated (e.g. during engine warm-up), please refer to the owner's manual for full operating information automatically switching off the engine while the vehicle is stationary and then starting it again automatically when the driver wants to drive off. There are certain operating conditions where the Start/Stop system is deactivated (e.g. during engine warm-up), please refer to the owner's manual for full operating information. \*\*Fuel consumption figures according to ADR 81/02 derived from laboratory testing. Factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition and accessories fitted, will in practice in the real world lead to figures which generally differ from those advertised. Advertised figures are meant for comparison amongst vehicles only. <sup>o</sup>Safety technologies are not a substitute for the driver's responsibility of the vehicle.
