TIME AND DISTANCE SELECTIONS

There are a variety of time and distance selections to choose from based on your driving habits.

- The number of service visits listed for each of the plans is the maximum number of visits covered[§]. Should the maximum number of service visits be reached prior to the expiration of the selected plan, you can still enjoy the peace of mind that the plan's 8 wear items will still be covered during the selected plan coverage period.
- While maintenance services can be completed at any time during the plan coverage, Ford Motor Company of Canada, Limited recommends that the scheduled maintenance, as outlined in your vehicle's Owner's Guide, be followed. This will help ensure your vehicle's best performance.
